BAY ST. LOUIS, MISS., FRIDAY, SEPTEMBER 4, 1953

Vol. 62 - No. 85

SUBSCRIPTION \$2.00 PER YEAR

CAN'T MAKE IT—Waveland's new school bus is so much larger than the old one that Driver Allen Carver can't get it in the old garage. So a new garage is being built for the \$4,200 bus.

St. Augustine's Building New Road Entrance

A road to connect the new highway with Uman Avenue, is being built now by St. Augustine's Seminary.

Breaking into the new highway at an intersection, the road will be 1000 feet long and 50 feet wide with a 30 foot natural drain. Construction work is being done by the Bay Equipment Co., with Fred Curet directing the activities.

Officials at the seminary said they hoped to have the roadway hardsurfaced with a clay gravel base and black top surface. Electricity will also be put up along the road for two new large signs which will appear at the entrance on Highway 90.

The new entrance will serve as the main gate, it was added.

The Seminary is also filling in a swamp area with fillings from its lands and has put up a cyclone fence around portions of the institution which are private.

Firemen Have Two Calls; Same House

The old saying that lightning never strikes twice didn't apply this week to a house at 218 Washington St., owned by Lester Ladner.

Wednesday at midnight the city fire department was called out to extinguish a blaze there by the resident, Arthur G. Walker. Over \$80 worth of damage was done in the fire which was caused by a kerosene refrigerator.

Thursday the city fire alarm sounded again at 10:30 A. M. for the Ladner house. Not much damage was done although the fire department put out the fire—again in the kerosene refrigerator—in ten minutes.

Damage done Wednesday night was mostly in the walls, the attic and a hole in the roof. The house was not insured.

Lightning Cuts Off Lights At New Bridge

Lightning striking the transformer station was the cause of half of the new bridge lights being darkened for the past two weeks. E. G. Harriel, manager of the bridge said.

The lightning struck the transformer station on the west of Bay St. Louis side Aug. 22. Parts had to be ordered and did not arrive until Tuesday. Only the Bay St. Louis half of the lights were off. Now the lights are all burning again.

Actually the accident did not cost the taxpayers any money. Power Electric Co., of Jackson, the contractor for the construction of the electric facilities on the bridge, had not yet been released from its contract because it had not completed the job.

Because of the white cement bridgeway, few motorists complained about the lights being out. Harriel also noted that several lights which were not working in various parts of the bridge have been repaired. He laid the cause to a shipment of faulty bulbs which have been replaced.

The light system on the bridge is worked by a photo-electric switch which turns on the electricity when a certain degree of darkness has been reached. Consequently the lights will probably go on at different time each night.

Golden Wedding Anniversary For Kidds

Mr. and Mrs. W. J. Kidd celebrated 50 years of marriage Wednesday night by renewing their vows before a gathering of their offspring and friends.

Happy but bold, the couple cut the Golden Wedding cake following a ceremony at which Episcopal minister, Charles R. Johnson officiated. Earlier in the week on Saturday, Father R. J. Kirchner, old time friend of Los Angeles, Calif., officiated at a special mass at Our Lady of the Gulf Church.

Six of the Kidds seven children were at the party with nineteen grandchildren also attending. Mr. and Mrs. Kidd met in the Caribbean in 1903. She is the former Grace Elkins Alexander of Jamaica, B. W. I. and Mr. Kidd is from Canada.

The international flavor was retained in the family as two of their children are from Central America. Both of them, Mrs. Carmen F. Mitchell of Costa Rica and Ainsworth Kidd of Panama, attended the party.

Those of their children from Bay St. Louis attending the party at 312 Carroll Avenue were Mrs. Arthur Lohmeier, Mrs. Sheldon Seuenau and Lucien Kidd. Only Ruben Kidd, who is presently in New Hampshire, was unable to make it.

Bus To Carry Students From Pass To Bay

Public bus transportation is assured students who will attend St. Stanislaus, St. Joseph's Academy and the Episcopal School, according to Charles Beam, operator of the Bay-Waveland bus line.

Mr. Beam says sufficient applications have been received from the students of the Pass-Henderson Point area to warrant bringing his bus across the toll bridge to Henderson Point where he will pick up passengers regularly beginning Wednesday, September 9.

An effort is being made by a group of Pass citizens who hope that the toll can be lifted for the school bus and expense for transportation can to some extent be curtailed. An estimated 75 students will attend school in Bay St. Louis this year.

Council Orders L & N Trains to Stop At Bay

The Commission Council passed a resolution Wednesday directed to have the Louisville & Nashville Railroad stop all of its passenger trains.

The Council, invoked a law passed in 1903 which is in Section 7783 of the Mississippi Code and which requires all passenger trains to stop at county seats.

The law has never been contested in court. One case appears in the supplementary notes, but it concerns only mail trains.

As the Echo went to press, L. & N. Superintendent M. R. Black who was sent a copy of the resolution by registered mail, said he had not yet received it.

"We regret very much that any such thing has taken place," Black said. "However, we will be very careful in the consideration which we will give this motion by the commission council."

The council, which passed action last week, also sent a copy of the resolution to Ike Sanford, public service commissioner for the Southern district in Jackson. The resolution named trains Nos. 5 and 6, usually called the Humming Bird, train No. 37, called the Crescent Limited, and train No. 34, called the Piedmont, as those not stopping in the city.

In part the resolution reads, "Whereas in the interest and public welfare of the citizens of the City of Bay St. Louis, the Commission Council of the said city should take action or actions as is necessary to force the Louisville & Nashville Railroad Company to comply with the law . . . it is therefore resolved that the Commission Council employ the legal services of Dan M. Russell Jr. to take such action as necessary."

Approximately two weeks ago Black met with city officials, residents of the town and other railroad officials to discuss the problem.

At that time the railroad clerks turned down an offer to permit them to have privileges on the train which were not available to others.

Mayor John Scaffide mentioned at that time that the Commission Council would take some sort of legal action if the railroad did not cooperate. In a letter attached to the resolution which was sent to Black, Scaffide said he hoped to avoid any legal action.

Shrimp Boil For Yacht Club

"As much as you want to eat"—that's the theme of the evening of September 18, when the Bay-Waveland Yacht Club Auxiliary will have a shrimp boil to net more funds for beautification of the club property.

Legion Dedicates Lighted Pier At Fish Rodeo

The Clermont Bontemps Post of the American Legion will dedicate its new lighted pier at the climax of the junior fishing rodeo at the legion club Saturday.

The rodeo begins at 8 a. m. and is open to all boys and girls, 16 years of age and under. Cash prizes will be awarded on the basis of the size of the fish. The dedication will be staged with the prize presentations at 6 p. m.

Judge Nellus Rhodes will be present at the pier from 8 a. m. to 11 a. m. He will be followed by Gen. Louis G. Guerre from 11 a. m. to 2 p. m., and Judge M. D. (Pat) Rutherford from 2 p. m. to 5 p. m.

Mayor John Scaffide will present the cash awards.

The prizes will be:
Speckled trout, 25 cents per inch.

White trout, 25 cents per inch
Pompano, 25 cents per inch
Spade fish, 25 cents per inch
Pin fish, 50 cents per inch
Sheepshead, 25 cents per inch

Croaker, 30 cents per inch
Mackerel, 20 cents per inch
Flounder, 25 cents per inch
Snapper, 20 cents per inch
All other classes, 10c per inch.

All contestants must use a hook in catching all fish. Spearing of fish will not be allowed. The type of gear used is not restricted as long as a hook and line is used. This gear must be furnished by each contestant.

All fish must be hooked and landed by each contestant, to be considered for a prize. No contestant will be allowed to assist another in landing a fish.

All contestants in this event are limited to fishing from the American Legion's free public pier or the shell pile at that point. Fish caught at any other points will not be considered for prizes in the rodeo.

All possible safety measures have been taken. First aid will be available when needed and during the rodeo. Due to the congestion at the rodeo, the safety measures adopted by the committee must be obeyed.

Pier Committee Chairman John D. Rutherford Jr. reported that the Legion meeting Tuesday that a bulldozer had been obtained and that the beach has been cleaned and graded. Part of the pier has been painted. All defective parts of the pier have been replaced.

Posts have been placed alongside of the pier for the installation of lights. It was reported that lighting fixtures would be installed by the end of the week, thereby extending the time of use of the Legion's Free Public Pier to the general public. A brief ceremony of dedication of this new addition to the Legion's many free facilities will be held after the awarding of the prizes at the rodeo.

All members of the City Council are expected to attend this ceremony. The general public is invited.

An "Americanism Committee" was named by Commander Lucien Kidd. Chairman is Fred E. Fayard Sr. Other members are E. J. Arcenutux Sr., Andy J. Becker, Thomas E. Bressler, and Warren J. Buehler.

Due to poor health, English Peyton has resigned as Chaplain. Morgan C. Atwood of Waveland was appointed to complete the year as Chaplain of the Post.

The Executive Committee of the Legion has been increased by the election by acclamation of four new members, Warren Buehler, Fred Fayard Sr., Wilber Nelson, and John Rutherford Jr. Cald Arnold addressed the Legion and advocated the establishment of a Cub Pack of Boy Scouts in Bay St. Louis.

Hancock County Merchants Schedule "Dollar Days" Sept. 17-18-19; Plan Bargains

READY (?) FOR SCHOOL—Patsy Shadoin stares glumly at those awful books as she prepared to turn in that bathing suit for school togs. Schools throughout the area will be opened by next week, and the youngsters can start the nine-month wait for another vacation.

Only Nine More Months Until Vacation

The final days of summer vacation ticked away today as Bay St. Louis, Pass Christian and Pahrucial schools open their terms immediately following Labor Day.

Other schools in Hancock County opened last week, but in the Bay and the Pass the youngsters hungrily gulped the last few hours of summer play.

Bay St. Louis and Pass Christian schools open Tuesday. St. Stanislaus opens Wednesday. St. Joseph's Academy opens Thursday. Christ Church Parish School and Long Beach open Sept. 14.

Brother Roland revealed that, because of some withdrawals, a few places remain in the fifth grade as well as the fourth grade of the day school at St. Stanislaus. Registration now is closed for the sixth grade, however. Classes begin in both the day school and the college at 8:30 a. m. Wednesday.

Registration at Bay High begins today and the school bus will operate to take care of the registrants. Classes start Tuesday.

R. J. Ladner Dies At Bay

Funeral services for Robert Joseph Ladner, who died at his home here on 439 Ballentine St., Wednesday will be held at Plaza Funeral Home today (Friday) at 11 A. M.

Religious services will be held at Our Lady of the Gulf Church with interment at the Cedar Rest cemetery.

Mr. Ladner had been an employee of the Southern Pacific Railway until his retirement in 1938 when he completed 50 years of service.

Prowler Escapes

A prowler was the target of two pot shots when he was heard outside the home of Dill Lusich on Sand-Pit here Wednesday night.

City police were called to Lusich's garage after his stepson had taken two shots at the prowler.

HAYWARD CAMERON OF KILN IS FREED WAR PRISONER

Months of worry . . . a pitiful dribble of letters . . . and then a burst of joy and relief—that's the story of the Nat Camerons at Kiln today.

Their son, Hayward, for three years a prisoner of war in Korea, is on his way home.

Hayward, 32, a first lieutenant in the engineers, was captured in 1950. He had re-enlisted in the army after graduating from the University of Alabama in 1940.

Through the months . . . and years . . . of anxiety his family received a dribble of letters. They came every four or five months. Three months after they were written. They would arrive four weeks to ten.

"They didn't say much," said sister Claire, a senior at St. Joseph's Academy. "He just told us not to worry."

But worry the Camerons did, and they held their breath when the armistice was signed last month. Then came the painful checking of the freed prisoners list day after day—until finally

Lt. Cameron's name appeared.

An official telegram from the Defense Department followed, arriving Tuesday. It said Hayward would return to San Francisco by ship, and that the family would be notified of his arrival.

"That ship business is good news, too," said Claire. "I guess it means he's in pretty good shape if they don't have to fly him back."

There's no indication yet how long it will take for Hayward to return home. However, three weeks to a month is a good unofficial guess.

Former prisoners arriving at San Francisco are held there only one day if they are in good health. Then they are given the fastest possible transportation to their home towns.

There's no work being done but lots of joy bubbling about the Cameron home in Kiln now. "People are coming in all the time," said Claire. "Daddy's so happy he doesn't know what to do."

"There's just aren't words to express how we feel."

McDonald Buys Apartments

The McDonald Realty Company today announced the purchase of an apartment house on Uman Avenue, opposite Bay High school from E. S. Drake.

The apartments will be completely modernized. This work already has started.

McDonald realty also is planning two new sub-divisions. Details will be announced later.

Suffers Stroke

A cement finisher working on the new highway bridge between Pass Christian and Long Beach suffered a sun stroke last week and was rushed to Memorial Hospital in Gulfport.

The man, McGallis Glen, 40, of Jackson, Tenn., was working with the Johnson Construction Co., on the four lane concrete roadway. He is reported to be improving.

Hancock County's first "Dollar Day" will be held Thursday, Friday and Saturday, Sept. 17, 18 and 19, it was announced today.

Staged under the direction of the county's Chamber of Commerce, the idea of the "Dollar Days" is to encourage local purchases in local stores. And, with that in mind, the stores participating have pledged themselves to offer real bargains during the three-day carnival.

O. W. Delph, president of the Chamber of Commerce said in a letter to merchants advising them of the "Dollar Days" dates:

"We feel that this will be an asset to the merchants of Hancock County and Bay St. Louis. 'Dollar Day' has proven a success in other towns, and we feel sure that it can be one here. New customers are made and people, while in your place of business, will purchase other articles not listed at \$1.00, but a lot more."

"It's good advertisement and an invitation from the merchants for new business."

"We ask your cooperation in offering the best values possible for this event and cooperate with your Chamber of Commerce and local newspapers in making this event a huge success. It will depend on you and if it proves the success we are anticipating, it will then become a semi-annual event."

The "Dollar Day" is an old one, started back in the 1920's. It has proven a success in every community where merchants pitched in wholeheartedly and offered patrons genuine bargains.

"One advantage of Dollar Days," said Mr. Delph, "is that we can draw people into our local Hancock County stores. They can look around in general, and they'll find something that may surprise a few of them—they'll find that many times they're being sending their money out of town to make purchases when they could have bought goods of just as good quality at the same or better prices."

In other words, Dollar Days are not only bargain days—they're education days. They're to educate the people as to what we have in our Hancock County stores."

Although many stores offer many items for one dollar, the key to dollar day sales is the value of a dollar even when put together with two, three or 10 more dollars.

Mr. Delph urged all citizens of Hancock County and the surrounding area to watch the newspapers for "Dollar Days" news, and to accept the merchants' invitation to come in, shop and take full advantage of this festival of values.

Two Youths Caught With Stolen Car

Two youthful car thieves were nabbed here last Thursday night by the Sheriff's office following their attempt to steal gas from Dominic and Phillip Scaffidi's new service station on Highway 90.

Arrested at 10:30 P. M. were Donald Murphy 20, and Michael J. Watts, 19, both of Maryland.

The two youths, admitted stealing the 1950 Ford they were driving, pulled up in Scaffidi's station and asked for \$3 worth of gas. When the gas had been put in the tank they drove off without paying.

Phil Scaffidi jumped into his car and followed the youths while the sheriff's office was notified.

Sheriff John Egloff and deputies John Kachala and Sam Peterson went after the youths who were suspected heading toward the new bridge.

Highway Patrolman Robert Blackwell also joined in the search. Both police cars spotted the Ford and stopped it at the toll station after state police set up a coast-long road blockade by two-way radio.

It was noticed that the car had been started by breaking the wires, and so suspicion arose as to whether the car was stolen.

Handcuffed and brought back to the county jail here, the youths soon broke down and confessed that they had stolen the car. One of them informed the Sheriff he had recently been released from reform school in Maryland for stealing cars. They also admitted having been in jail in New Orleans and jumping bail.

The youths were tried here by Justice of the Peace Nellus Rhodes and sentenced to 60 days.

Happy Birthday

Fourteen years ago this month, Mississippi's first commercial oil well was completed in Yazoo County and a new industry of statewide significance was born.

This new industry has grown to be one of the state's most important enterprises, and its activities and expenditures have contributed decisively to the economic progress of Mississippi.

Last year, GULF's activities benefited directly more than 7,000 Mississippians. GULF's ten field discoveries and \$100 million investment, as well as the 15 million new dollars which GULF currently is adding to Mississippi's channels of trade each year, have produced indirect benefits for many more Mississippians.

The accomplishments of GULF in finding oil and natural gas in this state, like the state's accomplishments in improving its agricultural-industrial balance and establishing a sound basis for future economic growth, are made possible by faith in Mississippi, by a willingness to make large investments in time, effort and money, and by the friendly, cooperative spirit of the people who live here.

On September 5, 1939, Mississippi's first commercial oil well was completed as a producer, establishing the state's first oil field, Tinsley, in Yazoo County.

Butcher, Baker, Candlestick - Maker . . .

In the 14 years since the completion of Mississippi's first commercial oil well, a new and highly productive industry has added ONE BILLION NEW DOLLARS to the state's economy.

To this significant expenditure is being added more than \$60 million annually, as Mississippi's oil and gas industry pays wages to its 5,000 employees, royalties and lease rentals to landowners, taxes to state and local governments, and as it buys supplies and services from Mississippi businesses.

Oil and gas dollars pass through many hands, ring up sales on countless cash registers in Mississippi. Yes, the butcher, the baker and the candlestick-maker . . . and the banker, the farmer, the laborer, the sales clerk . . . folks in every type of business in every Mississippi county have benefited from the expenditures and productive

accomplishments of Mississippi's oil and gas industry.

The enterprising men and companies who have risked a billion dollars in Mississippi have been aided immeasurably in their work by the encouragement of Mississippi people . . . by fair treatment, understanding and a recognition of the importance of oil and gas development to Mississippi's economic growth.

This is the same public and official attitude which more than anything else has focused the attention of manufacturers on Mississippi plant sites. We of Mississippi's oil and gas industry thank our neighbors for their confidence and trust. In such a friendly economic "climate" we find the incentive to expand. We earnestly solicit your continued good will toward our efforts to develop this state's hidden and unused wealth.

Legion Drive Ahead of Last Year's Pace

The American Legion Membership Committee announced today that its drive for members has surpassed the number of re-enlistments and new members of corresponding years at this time.

The initial week convinced the Committee it was justified in assuming that more than 50 new members could be enlisted into the local Post for 1954.

Many businesses of Bay St. Louis are 100 per cent for the American Legion. Among those in which all eligible personnel have already paid dues for 1954 are the Hancock Bank, The Bay Motors Co., and W. A. McDonald & Sons. Many of the businesses which have a smaller number of employees also are 100 per cent.

Veterans may not wait for a personal invitation to join the Legion. You may ask any Legionnaire for an application or call by at Bressler Cafe opposite the Post Office any time or at the Legion Club.

Baptists Entertain Ill Veterans

Church of Waveland entertained 30 veterans from the Gulfport Veterans Administration Hospital Tuesday.

You're "sitting pretty"
behind the wheel

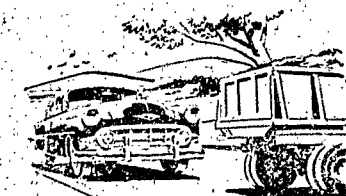

Take this Bel Air model. First thing you'll notice is the quality of the interior. Rich-looking appointments. Roomy seats with foam rubber cushions. Turn the key to start the engine and you're ready to go.

You can see all around

You look out and down through a wide, curved, one-piece windshield. The panoramic rear window and big side windows provide a clear view in all directions.

And it's the lowest-priced line

A demonstration will show you that Chevrolet offers just about everything you could want. Yet it's the lowest-priced line in the low-price field.

Biggest brakes for smoother, easier stops

An easy nudge on the pedal brings smooth, positive response—right now! Chevrolet's improved brakes are the largest in the low-price field.

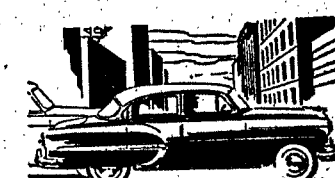

I figure this demonstration saved me many hundreds of dollars!

I expected to pay that much more for a new car until I discovered I was better off in every way with this new Chevrolet!

Let us demonstrate all the advantages of buying a Chevrolet now!

MORE PEOPLE BUY CHEVROLETS THAN ANY OTHER CAR!

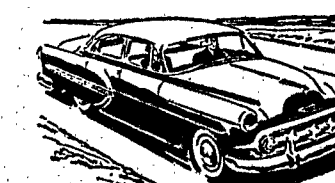

You get greater getaway with the new Powerglide*

A lot finer performance on a lot less gas. That's what you get with the new Powerglide automatic transmission. There's no more advanced automatic transmission at any price.

You get more power on less gas

That's because Chevrolet's two great valve-in-head engines are high-compression engines. In Powerglide* models, you get the most powerful engine in Chevrolet's field—the new 115-h.p. "Blue-Flame." Gear-shift models offer the advanced 108-h.p. "Thrift-King" engine.

It's heavier for better roadability

You're in for a pleasant surprise at the smooth, steady, big-car ride of this new Chevrolet. One reason is that, model for model, Chevrolet will weigh up to 200 pounds more than the other low-priced cars.

*Combination of Powerglide automatic transmission and 115-h.p. "Blue-Flame" engine optional on "Two-Ten" and Bel Air models at extra cost.

Hearing Aid Authority To Visit This Area

Miss Hearing Center, Jackson, Miss., will have a Consultant visit in this vicinity in the very near future. This Hearing Aid Authority will consult with those having difficulty hearing or understanding common conversation and speech in Church, groups or other places.

There is no charge for the consultant held in the privacy of the home. A thorough test of the hearing to determine the degree of loss will be made and if a hearing aid is recommended the new type Transistor instrument will be fitted. This tiny instrument is very inconspicuous and can be worn so that no button need show in the ear.

To make an appointment simply address a postcard or letter to Miss Hearing Center, 506 E. Capital, Jackson, Miss. You can do this without obligation or risking a penny. So write today for yourself or some friend or relative who is hard of hearing.

By Ann Orleans

Guests of Jimmy and Oeta Crump at their lovely home, Holly Bluff on the Jourdan, were Chip (L. W.) Roberts, former Chairman of the Democratic National Committee, of Washington, D. C., and his fourteen year old daughter, Bernice, who have just returned from an "interesting" trip around the world, made entirely by airplane. Mrs. Roberts met them at Honolulu and flew back to airplane. Mrs. Roberts met to California with them.

Also, visiting the Crumps was Mrs. Amos Leatty, of New York City, who has just returned from Guatemala.

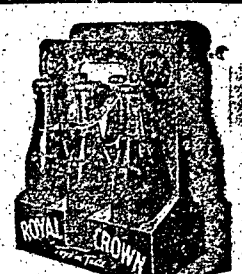

Staying with Becky and Ernest Allgeyer at their attractive cottage on Jeff Davis Avenue, were Becky Lee and Ed Gilly, Becky's daughter and son-in-law and their three children.

Cloria and Leon Bultman, who also have three children, enjoyed a delightful week-end with Mr. and Mrs. E. V. Landache at their new home on the beach.

The Dick Mestayers were entertaining Lita and Jerry Lannan, and the Mestayers' three grandchildren.

Gertrude Logan is staying with Virginia Halsey and the three children while Donald is taking in a Jax Convention in New Mexico.

Jack Stahl came over from the Gulf near Lake Charles to spend the week end at the family home on the beach.

Madeline and Philip Roach were guests of Sophia Richardson the past weekend and will return for Labor Day.

Constance and Harry Kaufman, their son Harry III, and Michael Goldman will be visiting the Ernest Charles Samuels this coming week.

Mrs. Jack Sokoll, formerly of Philadelphia, but now at her home on Nicholson Avenue, will have as her guests some time soon, her son, Jack and his wife, Robertine, whose home is on Lookout Mountain, near Chattanooga, Tenn.

Yvonne and Duralde Claiborne have been at their Nicholson Avenue home for the summer. Their daughters, Lucie and Yvonne and their friends often enjoy swimming in the lovely pool at the Howard Perrillat home.

Leigh Perrillat has just returned.

Yacht Club Makes Lightning Class Awards

A supper, attended by approximately 75 persons in the Bay-Waveland Yacht Club lightning group, was held Sunday night to honor winners of the races of the past season.

The gathering was the end-of-season highlight for the small craft enthusiasts who had participated in 10 races over the Yacht Club course during the summer.

Carroll Gordon, fleet captain was in charge of the supper. Awards were presented by Commodore Hendy Chapman and ex-Commodore Robert Camors.

The championship trophy went to "Honey" Thompson, Sr., the winner of six races. He received a permanent prize of a silver tray and his name will be listed with those of earlier champions on the Yacht Club cup.

Second place prize went to Sonny Wolfe. He was presented with a silver bowl. Kenneth Sadler won two of the races and Captain Gordon, one.

Evelyn Caliborne, wife of Doctor Duralde Claiborne, Jr., and her two children, have been visiting her sister, Mrs. Robert Barkever, at her new home in Galveston, Texas.

The graduates will attend five months of advance training in the officers special basic course.

Mississippi Oil

Industry Starts

Fifteenth Year

Fourteen years ago, on September 5, 1939, Mississippi's first commercial oil well was officially completed in Yazoo County, giving birth to an industry which is today one of the state's most important.

The discovery well, a wildcat drilled by the Union Producing Company, established the Tinsley oil field and started an influx of new faces and new dollars into Mississippi which is still going on. Today there are 85 oil or natural gas fields capable of producing in Mississippi. The state ranks ninth nationally in annual production of crude oil; seventh in natural gas production. Crossing 14 Mississippi counties are 4575 miles of oil and gas pipe lines which bear an ad valorem tax assessment higher than all state railroad mileage and electric utilities.

Baptist Music Head Leaves

The music director of the First Baptist Church, Paul Padgett, his wife and daughter, have moved to New Orleans, where Mr. Padgett will enter the Southern Baptist Theological Seminary.

He will take up the study of Church music.

It is expected that the vacancy in the Baptist Church will be filled within the next few weeks.

Unreported Dog Bite Kills Man

A warning to take necessary precautions against rabid animals in the area was issued this week by county Health Officer Dr. C. M. Shipp when he cited a case occurring in nearby Picayune.

The case involved Luther Reynolds, 32, of Picayune who on August 12 was examined by his physician and sent to the Veterans Hospital in New Orleans for some unusual disease.

On the way the patient became violent and was forced to stop at Shiloh. The Veterans Administration, upon learning Reynolds' condition refused him admittance.

Suffering from convulsions, Reynolds was also refused admittance to the state mental hospital at Mandeville, La.

Charity Hospital of New Orleans finally accepted the patient but he died 11 hours later.

This case, according to Dr. Shipp, came from the records of the State Board of Health at Pearl River.

Later investigation showed that Reynolds was suffering from rabies which he got from a mad dog which attacked three of his dogs.

A nine pound, one ounce boy was born to Mr. and Mrs. C. J. Tudury of Main Street here August 15 at King's Daughters Hospital.

The boy, named William Joseph, was the Tudury's second child. A girl, Linda, is two years old.

One of the proudest members of the family as the result of the new arrival is grandfather William A. Stachle.

Taylor Takes Day Senior Batting Crown

Billie Taylor ended on top in hitting for the Bay Seniors this year as the local baseball team completed its 1953 season with seven wins and one loss.

Taylor battled at a 500 pace for the Seniors who had a collective average .208. Chris Bell, Ladner and Randolph all hit above the team average.

The Seniors, playing teams from Kiln, Pass Christian and Bay St. Louis, lost only to the Bay Bourbons whom they had beaten earlier in the year.

Charlie Tartovoulle led the Seniors in pitching with four wins and no losses. Tartovoulle struck out 61 men in 27 1/3 innings. Taylor won two one-hit shut-outs while Bell gained a win without giving up a run.

The top averages for the Seniors:

	H.	BA
Taylor	13	.500
Bell	5	.325
Ladner	5	.294
Randolph	4	.211

MRS. BATSON HONORED

Mrs. Schuler Batson, wife of the minister of the First Baptist church was honored at a surprise baby shower at her home last Friday.

A group of 38 ladies of the Baptist church met at the home of Miss May Edwards and from there went to present Mrs. Batson with the shower gifts.

She was given a white bassinet filled with gaily wrapped packages. Refreshments of soft drinks and cookies followed the opening of gifts.

The Mississippi Seven Arts Commission has been granted its charter by the Secretary of State, according to secretary J. Russell Gould.

The group's executive group met Monday in Gulfport and planned on open meeting for the third Thursday in September in the Markman Hotel in Gulfport.

Long Beach News

High school football started wide-spread interest last season. This year's team holds fair promise of making a good showing. Scheduled games are: Sept.-Perdixton at Long Beach Oct. 16-Bay St. Louis, at Long Beach Oct. 23-Demonstration, Hattiesburg Oct. 30-Notre Dame, Long Beach Nov. 6-Pass Christian, Long Beach Nov. 13-Wiggins, Long Beach Nov. 20-Poplarville, Poplarville.

The Long Beach Band, under the direction of Bandmaster James F. Brent, has started daily rehearsals. The Bearcats, recognized as one of the State's outstanding high school bands, has planned a concert season which will include a Christmas program, a joint chorus, a spring concert and several solo and ensemble recitals. In addition, the Bearcats will appear in Mardi Gras parades both along the Gulf Coast and in New Orleans. In April the band will participate in the State Band contest.

Members of the Bearcat Band who will take over the fledgling between halves are: Drum - Melch Newton; Hones Majorettes, Peggy Rankie, Barbara Parker; Flutes: Jackie Pope, Ruth Bell, Wanda Long; Clarinets: Newton Hewes, Miriam McNinch, Laddelle F. Lingame, Connie McCarter, Ernest Harris, Dale Barry; Saxophone: George McNinch, Don Broome, Darby Gilmer; Cornets: Boone

Harris, Richard Bell, Marilyn Bass, Larry Lawson, Clet Allen, Lorena Smith; French Horns: Ollie Dean Hood; Trombones: Jimmy McDaniel, Ronnie Smith, Woodie Carlisle, Jimmie Russ; Baritone: Joel McNinch; Basses: Kenneth Smith, Dunne Maloney; Drums: Alama Kderil, Pete Wren, David McDaniel, Jean Lawson and Don Hancock.

Students Don't Pay Tuition

No students from the Pineville and DeLisle area are required to pay tuition to enter Pass Public High School, Mr. W. S. Van Landingham newly elected superintendent of City Schools in Pass Christian noted. Last week it was erroneously reported in the Echo that these students must pay tuition.

No Plans For Pass 'Teen-Town'

No plans have been made for the activities of Teen-Town Center, according to Mrs. Charles Atchley, who organized the group a little over a year ago. Mrs. Atchley said Teen-Town was originally sponsored by the Parent-Teachers Association of Pass Public School and that it served a worthwhile purpose in keeping youth off the street.

The State Department reported that less than many polio cases have been reported in Mississippi in 1952. Only 236 cases of infantile paralysis have been reported in the State so far in 1953, Dr. Felix J. Underhill, executive director, said. He attributed this to a cooler summer and availability of gamma globulin for exposure to the disease.
